Year 4 have been learning all about the water cycle. They even made our own mini water cycles to help them understand how it works.

Year 3 had a fire service visit. These heroes that work within our community told us about fire safety and water safety. They were incredible!

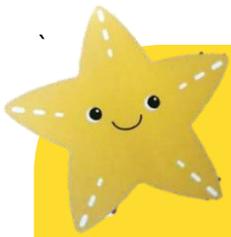

Reception have had a visit from an alien this week! We are trying to help him to fix his spaceship to get back home. The children have been so excited to write some messages to him

Members of the Ethos team and the school choir visited June Davies, a former governor and dedicated volunteer, to celebrate her 101st birthday. The children sang for her and presented cards they had made especially for the occasion. We are grateful to be part of June's remarkable journey, marked by faith, resilience, and an unwaveringly joyful spirit. Even at 101, she continues to shine with positivity, hope, and enthusiasm—an inspiration to us all.
